## Listing details

Job Type: Commission

Job Title: Pilot

Job Description:

Fly an R-66/R-44 depending on your experience. Good pilot will make well over 100k for the season. Must have at least 1,000 hours spray time in Robison Helicopters, 500 in R-66's, along with good references. (Fixed wing work in Air Tractor is a possibility too if you are dual rated.) Spraying occurs at high elevations in mountainous terrain. 4,500 feet to 9,500 feet in elevation. You MUST be able to fly straight in rolling terrain. We use Tabula GPS systems and you must be willing to learn the system or have previous experience with the system. You will primarily be spraying herbicides so you must understand the risk that comes with that. The job is on the road, lodging and food will be covered. Call or text Chuck for more info. [435-851-4168](tel:435-851-4168)

Willingness to Travel: Willing

Language Proficiency: English
