Operations Title: Looking for Operation

Description:

Looking for the Right Fit

Small, independent ag operation in the West is looking to grow by purchasing another operation. We're most interested in the Midwest, but would consider other areas if the location and opportunity are a great match.

We value hard work, strong community ties, and the legacy that comes with a well-run operation. If you're thinking about transitioning your business and want it in the hands of someone who will care for it like you have, we'd like to talk.
