Job Type: Full Time
 Job Title: Agricultural Pilot – Low Time, Highly Motivated
 (Available Immediately)
 Willingness to Travel: Willing
 Willingness to Relocate: Yes
 Work Experience: 5 Years
 Language Proficiency: English, French

Job Description:

Agricultural Pilot – Low Time, Highly Motivated (Available Immediately). I am a 27-year-old European pilot holding EASA licenses (Frozen ATPL, CPL(A), IR-ME, MCC/JOC), with FAA conversion completed, allowing me to fly legally in the United States.

I have approximately 500 total flight hours, including around 200 hours on tailwheel aircraft. I also hold a glider pilot license and an ultralight (ULM) license, which have helped develop strong stick-and-rudder skills and situational awareness.

My aviation background includes:

- Flight instruction
- Banner towing
- Glider towing
- Aircraft ferry flights (aircraft delivery and repositioning)
- Aerial work operations
- Participation in a wildfire-fighting experimental program with the French government
- Experience as a ground operations agent for wildfire suppression operations, working directly

with aerial assets and operational crews

I am fully committed to building a career as an agricultural pilot and understand the demands of this profession:

- Available immediately
- Willing to relocate anywhere in the U.S.
- Ready to work long days and high workloads
- Hard-working, reliable, and highly motivated

I am looking for an operator willing to give me my first opportunity in ag aviation.
I am easy to reach and respond quickly to messages.

You can contact me immediately via email: **arthurchaurand@gmail.com** or +33634262861.

Thanks
