Description:

Weatherly 201C agricultural aircraft available. Manufactured in 1978 and purpose-built as a rugged, dependable aerial application platform. The Weatherly 201C is known among operators for its simple systems, durable all-metal construction, and reliable radial engine performance.

This aircraft shows approximately 6,910 hours total time with 948.8 hours since major overhaul on the Pratt & Whitney R-985 radial engine. Equipped with a Hamilton Standard 2D30 propeller.

The aircraft features a 250-gallon hopper capacity and is configured as a turnkey aerial application platform. Guidance system options include SATLOC LiteStar or Dynanav VectorLite (buyer's choice).

Additional highlights include a fresh annual inspection, only three owners since new, and complete logbooks.

A straightforward, dependable ag aircraft ready to go to work this season. \$65,000 TEXT ME FOR MORE PHOTOS!! Dallas 954-707-3809
