Prop

Prop Make:	Hartzel
Prop Model:	HC-C2YR-1BF/F8475T+2

Description:

1974 Cessna 188 AgTruck - Great workhorse for the fleet. Upgraded to a turbine; time to let the Ag Truck find a new home. It's not the prettiest in the fleet, but it gets the job done and the acres sprayed. Low operating cost! Annual July 2026, TTAF 9103, Lycoming IO-540-K1G5 Engine - TTE 9079, TSOH 2476, Hartzell HC-C2YR-1BF/F8475T+2 Propeller, New aileron cables and push/pull tube ball ends, New motor mounts, New spark plugs, oil and filter changed at annual. Oil and filter changed regularly every 50 hours. #4 cylinder overhauled at annual. New O/H left magneto at annual. New alternator belt at annual. It has an ancient Air Star Satloc. It works great, but is definitely "old school". A G4 can be installed for additional cost if the new owner desires. Compressions: 78/77/77/75/77/76 out of 80. CP09 straight stream nozzles. Cable-controlled pump. Electronic tach, oil temp/pressure gauge. All logbooks in order and available upon request. Still a lot of life left in the Ag Truck; it has served its purpose for us,

and it's time to part ways. Located at KRCP in north central Kansas. Priced to move! $70,000. Give me a call at 785-737-3604, and we can make this workhorse your money maker.
