Listing details

Condition:	Used
Year:	2014
Make:	Peterbilt
Model:	348
Price:	$ 200,000.00

Description:

2014 Peterbilt 348 – Custom Helicopter Batch / Jet-A Fuel Support Truck with Landing Platform

171,593 Miles | 10,130 Engine Hours | PACCAR PX-9 330 HP

Extremely unique, purpose-built helicopter aerial-application batch truck equipped with a custom aluminum and stainless-steel batch, water, and Jet-A fueling system, including an integrated elevated helicopter landing platform that allows the helicopter to land directly on the truck for refueling and reloading during field operations.

This system was professionally designed and built for commercial helicopter aerial-application operations and provides a complete mobile field-support base in a single truck.

Equipment & Features:

- 2014 Peterbilt 348 tandem-axle chassis
- PACCAR PX-9, 330 HP diesel
- 171,593 miles
- 10,130 engine hours
- 2,000-gallon water tank
- 500-gallon chemical batch/mixing tank
- 500-gallon Jet-A fuel tank
- Integrated elevated helicopter landing/refill platform

- Double-baffled separation between Jet-A and water compartments to prevent fuel contamination
- Custom aluminum and stainless-steel construction
- Integrated commercial pumping, mixing and plumbing system
- Built-in leak/spill containment around pump equipment
- Rear work platforms, ladders and service access
- Large integrated storage compartments
- Heavy-duty commercial construction throughout

Additional Information:

This is not a conventional water or batch truck with tanks added afterward. It is a purpose-built helicopter support system constructed extensively from aluminum and stainless steel.

The system was built for longevity and has been operated and maintained as part of a professional commercial helicopter operation.

Ideal for helicopter aerial applications, agricultural aviation, forestry operations, vegetation management, mosquito control, or other commercial aerial-application operations.

Located in Louisiana. Asking Price: $200,000. Contact information: 337-233-3356
