Description:

2005 AT-802A N8524L - This well-maintained Air Tractor AT-802A brings proven ag-spraying capability with 9,340 total hours and a reliable PT6A-67 engine ready for immediate work. Originally configured for agricultural application, this aircraft delivers the performance and durability operators depend on in the field. Priced at $710,000, this is a solid opportunity for buyers seeking a proven workhorse. The AT-802A remains one of the most respected agricultural aircraft in operation, known for its rugged construction and efficient spray platform. This particular example carries moderate time on the airframe and represents a turnkey option for operators looking to add capacity or replace aging equipment in their fleet.
