Description:

20013 AT-502B N883LA - This well-maintained agricultural workhorse offers 6,000 total hours of proven reliability with a dependable PT6A-34 engine. The AT-502B remains one of the most capable and versatile ag platforms available, and this example represents excellent value at \$625,000. Ready for immediate deployment in your aerial application operations. The AT-502B is the industry standard for agricultural spraying and dusting operations across North America. This 2013 model has been professionally maintained and operated, delivering the performance and durability that operators depend on season after season. With moderate total time and a solid operating history, this aircraft is ready to generate revenue immediately. For more information, call Airplane Mode Sales & Consulting at 208-301-0683
