Listing details

Aircraft Details

Year: 1993
Make: Air Tractor
Model: 802 N9190G
TTAF: 8,100
Price: \$ 925,000.00
Posted: 22 hours ago

Engine Details

Engine Make: Pratt & Whitney
Engine Model: PT6A-65AG
Time Since Overhaul: 750

Description:

1993 AT-802 N9190G, TTAF 8100, PT6A-65 SMOH 750, Wingman, ADS-B Out, Bantam GPS with Flow Control, 300-gallon fuel tanks, Dual-stage A/C Condensers. Offered at a strong value for a turnkey AT-802, ready to go straight to work, and eligible for export to South America. Approximately 750 hours ago, this aircraft underwent a full ground-up restoration, including new wing spars, a complete PT6A-65 engine overhaul by Prime Turbines, and a propeller overhaul, all done at the same time. This reset the major structural and powerplant life on the airframe. At \$925,000, the asking price comes in below what you'd pay today for the wing spar replacement and engine overhaul alone. You're essentially getting the rest of the airplane thrown in. With only 750 hours since restoration and 750 SMOH, this is one of the freshest AT-802s on the market at this price point, and a rare export-ready option for South American operators. Priced to move; serious inquiries welcome. For more information, call Airplane Mode Sales & Consulting at 208-301-0683
