Description:

1980 AT-301 - Your entry into the turbine world begins with this Bailey Conversion Garrett-6-powered AT-301. Garrett power means more efficient fuel burn and longer times between engine overhaul, resulting in more time spraying and less time being down for maintenance. With an upgraded 400-gallon hopper, you can fly in air-conditioned comfort for longer periods. Can be sold as a package deal along with Cessna A188 and AT-401 Turbine. TTAF 10,177
