### Listing details

Make: Cessna  
Model: Engine Cowlings

Description:

2 Engine Cowlings for C188. 2 lowers, one upper. One of the lower cowlings was purchased new in the 1970s after a minor mishap. They decided to repair the bent cowling and keep using it, so the new cowling was never installed. Looking for a good home for them. Make an offer if you are still using a C-188 and need them. They are taking up space! Call Daniel Flying Service at 214-674-4023 Tivoli, Texas
