Prop

| | |
|-------------|----------|
| Prop Make: | Hartzell |
| Prop Model: | 3 blade |

Description:

1982 DW-1 Eagle. A very low-time Eagle in good condition and ready to work! Unbeatable spray pattern and fuel efficiency per acre applied. If you are looking for a well-maintained, very safe, and efficient aircraft to operate or train a young pilot in, with low overhead cost and excellent quality spray application, this is the aircraft for you. This aircraft is hangar kept at an A&P/IA's operating hangar since 2012 and last flown in Oct .2024. Damage from previous owners was repaired completely and correctly by A&P/IA. She is a joy to fly, puts out a beautiful carpet of spray, and handles very stably and easily on the ground. I hate to see her go, but I am selling due to returning to full-time military flying. Annual completed Nov 2024. 300HP IO-540 that starts easily and runs smooth and clean at 16gph average during working loads. Hartzell 3 blade prop in excellent condition. 250 Gal Hopper Custom paint exterior in good condition, newly upholstered seat in 2023. Del Norte GPS - works great. Agrinautics cable-feathering pump, CP-11 nozzles, all in good working order. Smoker. Good tires and

brakes. Tailwheel cleaned and refurbed after every season that I used it. Belly fabric completely replaced with new in 2021. It comes with the Eagle fertilizer spreader, an extra airframe, cowlings, flight/landing cables, and lots of extra parts from another salvage Eagle airframe. It also has maintenance logs. TTAE 2119.77, Lycoming IO-540 TSOH 387.07, Hartzell 3-blade propeller. \$135,000 Call 479-422-0081
